

*Suncruiser*  
2003

Check out the 2003 Itasca Suncruiser. You'll quickly see why it's the best selling Itasca motor home.

Years of extensive research have made the Suncruiser a consistent favorite among motor home enthusiasts. Not ones to rest on our laurels, we continue to improve on these already user-friendly designs. The 2003 Suncruiser offers even more new, innovative features such as the BenchMark™ Full Comfort Dinette and a unique, multi-purpose table that helps you make the most of your interior living space. New, front-end exterior styling, taller valance panels and a one-piece, rear fiberglass cap provide an enhanced appearance.

Expanded Ford® and Workhorse™ chassis offerings are new for 2003, including a 22,000 lb. GVWR Workhorse chassis with 22.5 inch tires.

With countless user-friendly features and abundant storage both inside and out, the 2003 Itasca Suncruiser is one motor home that exceeds even the highest of expectations.

2003

RELAX WITH ALL THE COMFORTS OF HOME. The StoreMore slideout system expands to create an invitingly spacious living area and to allow for more comfortable furnishings, including the Rest Easy™ Multi-Position Lounge. Spacious cabinetry, in three woodgrain choices, provides easy-to-use storage, and cabinet doors feature a highly durable catalyzed finish for a rich, elegant appearance usually reserved for exclusive home cabinetry. Enjoy advanced climate control with the TrueAir™ Residential Central Air Conditioning System. It delivers cool air evenly throughout the coach with adjustable ceiling vents. The available Home Comfort Plus Package includes a heat pump that helps take the chill off cool mornings without starting the furnace. Dual-glazed windows increase thermal efficiency and include day/night pleated shades for variable levels of light and privacy.

THE GALLEY IS LOADED WITH USER-FRIENDLY FEATURES that make preparing a meal or a quick snack a breeze. It comes standard with an Amana® three-burner range with oven and a 30" residential microwave with a sensor cook feature. A microwave/convection oven is also available. A large, solid-surface countertop is extremely durable and cleans easily, while the flip-up extension (NA 37C) provides plenty of work space. The stain-resistant composite sink is sized to accommodate large plates and pans. The single-control faucet includes a pull-out sprayer for added convenience.

FOR ADDED COLD STORAGE, choose the available four-door refrigerator. It includes an ice-maker for your convenience. An icemaker is also available with the large double-door refrigerator.

NATURAL LIGHT from the overhead skylight accents the open, airy feeling of the bath area. Convenient standard amenities include a single-control shower faucet, residential-height toilet with foot-pedal flush, powered/roof-mounted fan and plentiful storage.

YOU'LL LOVE THE FLEXIBILITY of the hoop-base lounge chair. This cozy rocker is also a comfortable recliner with a footrest. And perhaps best of all, it can be easily positioned to your favorite spot when you're not traveling. Select the available UltraLeather HP™ for an added touch of luxury.

THE SUNCRUISER IS ALWAYS OFFERING NEW AND INNOVATIVE FEATURES. This year we've added a set of four available two-way radios for communicating around the campground or on day trips. They feature 14 channels with a two-mile range and recharge from the coach's house batteries at their built-in charging station. The nickel-metal hydride batteries provide up to 15 hours of standby and 90 minutes of talk time per charge.

HANDY, AVAILABLE FEATURES such as the rechargeable flashlight, hand-held vacuum and two-way radios are located in the easily accessible convenience center.

THE WALL-MOUNTED HAIR DRYER, located in the bathroom, includes a night-light for added convenience.

DO YOUR LAUNDRY ANY TIME with the combination washer/dryer, available in the 37C and 38G.

RV-RADIO™ Itasca owners are raving about the RV Radio. Bigger buttons, more features and a larger display make it one of our most talked-about innovations. AM/FM stereo, cassette deck and CD player are all included. There's even a built-in weather band to keep you informed of travel conditions when you're on the road.

Keep your electrical system running smoothly even when operating your central air conditioning on

30-amp. shoreline power. The PowerLine™ Energy Management System monitors onboard 110-volt electrical usage and automatically minimizes the nuisance of tripped campground circuits by controlling the operation of postponable electrical loads during periods of heavy usage. As demand is lowered, PowerLine automatically returns power to the secondary appliances and systems.

**ONEPLACE**  
systems center

Eliminate the run-around with the OnePlace Systems Center. It brings together frequently used switches, gauges and controls in one convenient location so you can easily check and operate important systems from one central location.

Adjust the volume to your satisfaction with individual speaker volume-control knobs. They're located below the overhead lounge cabinets. (NA with Deluxe Sound System)

**DRIVER'S CONTROLS ARE CONVENIENTLY LOCATED** at your fingertips in the ergonomic cockpit area. The dash features large, easy-to-read switches and gauges that are sized for easy operation. The standard, dash-mounted electronic compass is a helpful navigation tool that even displays exterior temperature at the touch of a button. An available Sony® rearview monitor system includes a one-way audio feature for ease in backing and maneuvering.

**ARRIVE REFRESHED** after a long drive thanks to the high-back premium cab seats. They incorporate multi-position armrests as well as swivel, slide and recline features so you can adjust them to the position that fits you best. Enhance your ride even further by selecting the 6-way power pedestal, available for both the driver and passenger seats. Cab seats with the UltraLeather HP upgrade also include adjustable lumbar support.

**THE AVAILABLE WORKSTATION** provides a perfect surface for using a laptop computer or writing postcards. It slides toward the passenger at their convenience and includes a storage compartment below.

**STAYING IN FOR THE EVENING?** Enjoy a variety of entertainment options starting with the standard 25" TV. You can also choose the available VCR, DVD player and digital satellite dish to ensure that you'll never have to go without your favorite programs or movies. Enjoy theatre-quality sound from the available Deluxe Sound System with 5-channel QSurround™ sound. This feature also includes the TV and VCR stereo upgrades. Select the available 300 watt inverter to enjoy these features even when you're not connected to shoreline or generator power.

**THE DRIVER'S SIDE DOOR** is a convenience you won't find in all Class A motor homes. The trim panel incorporates a deep cupholder and power mirror controls.

A REAR SLIDEOUT IS STANDARD on every model, creating a spacious bedroom with a walk-around queen-size bed with Serta® mattress and a full-size wardrobe. The 38G, shown here, even includes two cedar wardrobes for his and her hanging storage. Additional storage can be found in the bedside nightstands, overhead cabinetry and in the underbed compartment.

ANOTHER SMART SUNCRUISER FEATURE is this handy bedroom desk/vanity area. Conveniences such as a large desktop, a tip-up storage area, an additional phone/modem jack and a folding chair are all included. Other residential bedroom features include a tip-out hamper, sliding mirrors, built-in 19" color TV and an alarm clock.

THE NEW BENCHMARK™ FULL COMFORT DINETTE is another Winnebago Industries exclusive. It features seats with an innerspring design for complete residential style and comfort. The seats also lift up to reveal large, easy-to-access storage. BenchMark even converts to a truly comfortable bed. (NA 37C)

THE REST EASY MULTI-POSITION LOUNGE PROVIDES UNMATCHED SEATING FLEXIBILITY AND COMFORT.

It starts as a plush couch with a convenient flip-down center cushion that doubles as a beverage tray with dual drink holders and a storage area.

Touch a button and it becomes a relaxing recliner with a pull-out ottoman.

Touch the button again and it's a contoured 75" x 60" bed.

**YOU'LL HAVE PLENTY OF OPTIONS** with this available, multi-function table. It provides dining for two, expands to seat four or can be used for a computer or working on a hobby. (Available in the 37C and 38G)

**THE ELEGANT DINING TABLE** provides spacious dining for two and easily expands to accommodate guests. It comes standard on the 37C and 38G and can replace the dinette on all other models.

**TRUEAIR** RESIDENTIAL CENTRAL  
ESCAPE FROM THE SUMMER HEAT into the precision climate control provided by the TrueAir Residential Central Air Conditioning System. Powered by a Coleman®-Mach® central cooling unit, TrueAir offers superior environmental control throughout the coach. The cooling unit is located in the basement to provide a lower vehicle profile, reduce noise and eliminate roof runoff from A/C related condensation. It is also much easier to service and provides a lower center of gravity than roof pod units. A heat pump is also available to help warm your coach on cool mornings without starting the furnace.

**ONE KEY OPENS MOST DOORS AND COMPARTMENTS**, thanks to the convenient KeyOne™ System. The key is double-bitted to fit easily into the lock no matter which way it is inserted.

**BUILT-IN RAIN GUTTERS** are incorporated into the awning rails to channel rainwater away from the sidewalls, entrance door and windows, helping keep the exterior clean and streak free.

**FOR AUXILIARY POWER** without the noise, the Suncruiser features a 5,500 watt Onan® Marquis Gold™ generator. It's the quietest generator in its class and features digital voltage regulation and self-diagnostic capability for quick troubleshooting. A 7,000 watt Onan Marquis Gold generator is also available.

**ACCESS TO STORED GEAR IS ALWAYS CONVENIENT** with the hydraulically-powered StoreMore slideout system. StoreMore allows exterior compartments to extend with the slideroom for easy access. A Winnebago Industries original, it is still the industry's premier slideout system. StoreMore exterior compartments are also designed to accommodate large or odd-shaped items so you can bring along your golf clubs or even a folding ladder. Compartment doors incorporate single-paddle latches and gas struts for easy opening.

**ENTER AND EXIT WITH CONFIDENCE.** Large interior and exterior assist handles provide stable hand holds for entering or exiting.

**AN EXTERIOR ENTERTAINMENT CENTER** lets you listen to your favorite music as you enjoy the great outdoors. It includes two speakers, a 12-volt powerpoint, TV jack and a removable TV table. Choose from the standard AM/FM stereo with cassette or available CD.

**AN EXPANDED VIEW** is yours with the exterior mirrors. They feature large flat and convex surfaces, and electric defrost for increased visibility and safety. Adjusting for individual driver preference is easy with the electric controls.

**KEEP SAND AND MUD OUTSIDE** with the exterior wash station. The same heated compartment also houses the major plumbing connections and service points for added convenience.

**SATELLITE READY.** Every SunCruiser comes prewired for the available digital satellite dish that can be installed now or added later.

WHERE STYLE MEETS FUNCTION. Suncruiser's redesigned front and one-piece rear fiberglass cap and stainless steel wheel liners add a touch of class. Standard and available Ford and Workhorse chassis ranging from 20,500 to 22,000-lb. gross vehicle weight ratings let you tailor your coach to perfectly fit your driving and towing requirements. Choose the 22.5-inch tires available on the 35U, 37C and 38G for diesel pusher like look and ride performance.

  - + Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to your vehicle's operator's manual for further towing information.
  - \*\* See your dealer for complete warranty documentation information.
- Winnabago Industries™ continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

Not all motor homes are created equal. Take a closer look and you'll see there is much more to an Itasca Suncruiser than a long list of standard features and compelling floorplans. Beneath it all, you'll find a SuperStructure™ foundation of strength and durability.

SuperStructure is the term given to Winnebago Industries' structural motor home design and construction. Rather than a single component, it is the culmination of design integration that incorporates steel and aluminum substructures, composite-design laminated floor risers, interlocking joint technology and Thermo-Panel® floor, roof and sidewalls to form an incredibly strong, durable vehicle body.

**LAMINATED RISERS** feature a welded aluminum core for superior strength and provide a stable base for the floor structure and storage compartments.

**THE FOUNDATION SUBSTRUCTURE** assembly is precision-aligned to maximize longitudinal and cross-coach support, as well as strength and durability.

**CRITICAL STEEL COMPONENTS** are treated using an advanced electro-deposition coating process that provides superior corrosion protection.

**INTERLOCKING JOINT CONSTRUCTION** utilizes advanced aluminum structural components to create integrated floor-to-sidewall and sidewall-to-roof joints. This design effectively distributes the weight of the walls and roof, making a stronger and more durable body than competitor designs which rely on screws to carry the weight.

**WE INVENTED THERMO-PANEL SIDEWALL** construction and over the years have perfected this innovative composite construction process. It combines an exterior fiberglass panel, high-density block foam insulation and welded aluminum support structures to create some of the strongest, most durable and lightweight sidewalls in the industry.

1-YEAR OLD ITASCA FIBERGLASS ROOF

1-YEAR OLD COMPETITOR'S RUBBER ROOF

**BUILT TO A HIGHER STANDARD.** The Suncruiser features a crowned, one-piece fiberglass roof backed with a 10-year limited parts and labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. Fiberglass also provides increased puncture and tear resistance.

**COMMITTED TO SERVICE.** We back our motor homes with the best service after the sale in the industry.

**TRIP Saver**  
FAST TRACK PARTS

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Standard 10-year limited parts and labor roof skin warranty
- Complimentary 24-hour roadside assistance program
- TripSaver Fast Track Parts. TripSaver guarantees that in-stock warranty parts ship directly to your dealer within 24 hours.
- National dealer service network

**RECOGNIZED QUALITY.** Recreation Vehicle Dealer Association members annually rate RV manufacturers on the quality of their products, and sales and service support. Winnebago Industries has achieved the coveted Quality Circle award every year since its inception, the only major motor home manufacturer to do so.

**ALL MOTOR HOMES ARE NOT CREATED EQUAL.**

Learn more about what sets Winnebago Industries apart. Ask your dealer for this guide. It will help you learn what makes Winnebago Industries motor homes distinctly superior to other brands.

**WARNING: JOINING WIT HAS BEEN KNOWN TO CAUSE EXCESSIVE FUN.**

Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries motor homes. WIT is a great way to meet people and offers you:

- Caravans and rallies
- Local and state group activities
- RV travel benefits
